Academic rank (also scientific rank) is the rank of a scientist or teacher in a college, high school, university or research establishment. The academic ranks indicate relative importance and power of individuals in academia. The academic ranks are specific for each country, there is no worldwide-unified ranking system. Among the common ranks are professor, associate professor (docent), assistant professor and instructor. Academic Positions, Stockholm, Sweden. 152K likes. Academic Positions is the international career network for academics, researchers, and scientists. Paderborn University is looking to hire a full professor (W 3) of software engineering. Candidates should have a proven, outstanding track record in software-construction aspects of software engineering as well as readiness and willingness to prepare large-scale, interdisciplinary research proposals.
