Tropical Forestry as if People Mattered.- 17. Toward a Global Research Strategy on the Ecology of Natural Tropical Forests to Meet Conservation and Management Needs. @article{Lugo1995TropicalFM, title={Tropical Forests: Management and Ecology}, author={A. Lugo and C. Lowe}, journal={Bulletin of the Torrey Botanical Club}, year={1995}, volume={123}, pages={168} }. thorough analysis of tropical forest function, and its holistic approach toward conservation of endangered species. Fortunately, ITF has a long history of information exchange through teaching; like many others, I got my own start in tropical forest ecology from just such a course in Puerto Rico. And long before politicians recognized the global importance of tropical forestry, the ITF staff served actively as ambassadors of the discipline, visiting tropical countries everywhere to learn and, when invited to do so, to help solve local problems. It is a general principle of biogeography that sp
