

Disaster Mitigation in Asia and the Pacific #Asian Development Bank, 1991 #1991 #9789715610049

The Asia-Pacific region is one of the most vulnerable to a variety of natural and manmade hazards. This edited book productively brings together scholars and senior public officials having direct experience in dealing with or researching on recent major natural disasters in the Asia-Pacific. The chapters focus on disaster preparedness and management, including pre-event planning and mitigation, crisis leadership and emergency response, and disaster recovery. Specific events discussed in this book include a broad spectrum of disasters such as tropical storms and typhoons in the Philippines; ear En: Asian Development Bank, Disaster Mitigation in Asia and the Pacific , pp. 1991 .
