Anything in the science fiction or fantasy genres, especially if there's any crossover. (This list used to be for science fiction, but got out of control. For the best science fiction, see our new list. See also SF and Fantasy Award Winner Lists. Note: Spam will be deleted if detected. Mostly what it will earn is the ire of the regular voters. Score. A book's total score is based on multiple factors, including the number of people who have voted for it and how highly those voters ranked the book. All Votes Add Books To This List. 1. The Science Fiction and Fantasy Writers of America, Inc., or SFWA (/ˈsɛːfwɛːtm/ or /ˈsɛːfwɛːtm/) is a nonprofit 501(c)(3) organization of professional science fiction and fantasy writers. While SFWA is based in the United States, its membership is open to writers worldwide. The organization was founded in 1965 by Damon Knight under the name Science Fiction Writers of America, Inc. The president of SFWA as of 2019 is Mary Robinette Kowal. SFWA has about 1,900 professionally published writer members worldwide. The best science-fiction writers are among some of the most creative writers ever. Instead of only making up a story, they make up entire universes, time dimensions, alien technologies - it's really incredible. Truth be told, some are more successful than others - it is really easy to write bad scifi. But those who can actually pull the genre off are right here on this list of the top science-fiction authors. These are the best science-fiction authors of all time, ranked by readers and fans. This list include some highly recognizable and classic names, like Isaac Asimov and George Orwell, along
