Kirkus Reviews , Praise for Swim the Silver Sea, Joshie Otter "Splendid paintings in a variety of shimmering Arctic hues illustrate a soothing bedtime story . . . This attractive picture book has the draws of an affectionate mother-offspring bond."-- Booklist "An excellent addition to picture-book collections that's sure to be read over and over by parents looking for that perfect soothing bedtime story." The sea otter (*Enhydra lutris*) is a marine mammal native to the coasts of the northern and eastern North Pacific Ocean. Adult sea otters typically weigh between 14 and 45 kg (31 and 99 lb), making them the heaviest members of the weasel family, but among the smallest marine mammals. Unlike most marine mammals, the sea otter's primary form of insulation is an exceptionally thick coat of fur, the densest in the animal kingdom. Although it can walk on land, the sea otter is capable of living exclusively in the water. In search of a playmate, Joshie Otter swims far away from home, past seal pups, walrus calves, puffins, kittiwakes, murrelets and a stalking fox. Stranded in the middle of the cold, nocturnal sea, he hears his mother's song and follows it home, swimming back past these same animals, who are now asleep." --Booklist. "...lilting cadence is just right for this lyrical bedtime story. . . includes a melodious tune." --Kirkus Reviews. illustrated by Ken Kuroi. Joshie Otter wants to swim but his mother says no. So, what's an otter to do, but swim off anyway! The book offers a variety of arctic animals, a rhythm to the story is found when reading aloud, and while he disobeys, the story of a mother and her child is one that children can understand. The illustrations make the story interesting to all readers. I gave this 5 stars because of the illustrations, and the way the story flows, like the tide. He swims out and sees all the animals, then returns see Joshie Otter wants to swim but his mother says no. So, what's an otter to do, but swim off anyway!
