Cooperative play teaches prekindergarten students teamwork and problem solving, two crucial skills they're learning at this age. These activities are also ideal for reinforcing gross motor skills development, an important aspect of their physical development. Beyond games and activities, you can reinforce teamwork in other ways in class by talking about it and using encouraging statements when you see children working together in other ways, such as putting away toys and books. You can also incorporate books about teamwork at story time students can see how their favorite characters use teamwo
