The King's Stilts is a children's book written and illustrated by Theodor Geisel under the pen name Dr. Seuss, and first published in 1939 by Random House. Unlike many Dr. Seuss books, it is narrated in prose rather than verse. The King's Stilts tells the story of King Birtram of Binn, who dedicates himself to safeguarding his kingdom, a low-lying land surrounded by high water that is held back by a ring of dike trees. Unfortunately, the dike trees are the favorite food of a species of pest-birds.
