This book gives a brief history and the politics of the first six emperors of the Moghul Empire namely Babur, Humayun, Akbar, Jahangir, Shah Jahan and Aurangzeb. My initial interest is to read Babur, Akbar and Aurangzeb. 1. Babur (1483-1530). The book is divided into chapters under the name of each of the Great Moghuls. How, why and when each one took over the throne, what were they like, their achievements, their daily routine, the drawbacks of their rule, everything has been precisely mentioned with dates. The book also includes some images of forts, tombs and paintings, which adds to the wonderful spell under which you are while reading the book. This text chronicles the history of the extraordinarily talented dynasty of emperors, nicknamed by travellers returning to Europe, the Great Moghuls for their almost limitless power and incomparable wealth. The book deals with one of the most interesting periods of Indian history, the 16th and 17th centuries, providing a picture of the country's most flamboyant rulers, their sublime palaces, their passions, art, science and religion, and their system of administration. Here is a unique picture of the way of life of India's most flamboyant rulers, their sublime palaces, their passions in art, science and religion, and their sophisticated system of administration that stabilized the greater part of India and was later adopted by the British.
