Description:

Although the wedding cake is usually one of the last details engaged couples settle on before the big day, it's just as important for setting the tone and style of the celebration as the flowers or the invitations. An elegant, towering studded with golden almonds and wrapped in clouds of spun sugar sends a different message than a rich-looking decorated with fresh fruit and dusted with gold powder or a adorned with flowers (click to see photos). Chef Dede Wilson believes that wedding cakes should be aesthetically pleasing, but above all should "reflect the tastes, beliefs, and desires of the bridal couple." With the aim of creating cakes that taste as good as they look, Wilson lends her expertise and creative spirit to the marvelous constructions in *The Wedding Cake Book*.

As much a cookbook as a source of inspiration, *The Wedding Cake Book* takes bakers--novices and experts alike--step by step through the process of conceptualizing, baking, assembling, and decorating wedding cakes of all levels of difficulty. Each recipe page includes the components needed to make the pictured cake (layers, fillings, decorating accouterments, equipment); the number of servings; the level of difficulty (easier, moderate, or complex); and the recipe and preparation instructions.

Other chapters cover finishing touches, cake accompaniments such as sauces and fillings, equipment, and resources for special ingredients or professional equipment. Bakers looking for detailed instructions and delicious recipes and brides seeking ideas for the perfect cake for their postnuptial celebration will find what they're after in *The Wedding Cake Book*.

From the Inside Flap How many tiers should the wedding cake have? Should the tiers be separated with pillars or stacked? Chocolate, vanilla, or almond cake layers? What flavor buttercream? Fresh lilies or marzipan roses? Lemons curd, blackberry curd, or both? Decorative with ganache, ribbons, gold dragées, nuts, or icing?

The Wedding Cake Book offers you the answers to all of these questions, along with complete baking and decorating instructions for thirty gorgeous cakes, all beautifully photographed.

The wedding cake is often the centerpiece of the reception — it is a symbol of new love. It's meant to be savored long after the last bite is eaten. Whether you're planning your own wedding (Congratulations!) or making a wedding cake for a special friend or relative, *The Wedding Cake Book* will be invaluable to you.

First, author **Dee Wilson** helps you to plan: will the wedding be casual or formal; how many guests are there; what is the budget? The basics of making a wedding cake come next: cake sizing, baking techniques, storing and transporting, how to work with chocolate and pastry bags. Specialty tools are discussed, including icing spatulas, decorating turntables, masonite boards, and combing tools. Then there are specialty techniques like assembling cakes with pillars, crystallizing flowers, working with fresh greenery, sugar molding, and working with marzipan and chocolate plastic.

A chapter on basic cake making contains dozens of recipes for cake layers in every flavor and size, varieties of buttercreams, frostings, curds and fillings, and chocolate ganache.

If you're tired of the old standard—white cake with white buttercream—then *The Wedding Cake Book* is the book for you.

wedding cakes with the minimum of fuss. The wedding cake is the centre of any bride's big day, and having a design that is contemporary yet doesn't cost the earth is high on the agenda. This book will show you how to create a wide range of styles for modern wedding cakes, using the latest trends in cake decorating and wedding design, for a DIY wedding cake book like no other! Designs include a popular Zentangle-inspired cake, mosaics, metallics, beads, fringes, frills, and more. A section on making edible paper flowers means you can mix and match the blooms on your cakes and create beautiful designs. See more ideas about wedding, wedding book, cupcake cakes. Beautiful Floral Cakes | Pretty Birthday Cake Ideas. Floral cakes topped with fresh flowers, drippy frosting and unique designs. Perfect ideas for a birthday cake, baby shower, wedding or any type of party! Fun Crafts. Diy And Crafts. Making your wedding cake takes a good measure of bravery, but it's an excellent way to cut some expense from the wedding budget. Practical considerations aside, you'll also be feeding your guests something made with your own hands, and that is nothing short of special! Finish with a cake topper or cake stand from Etsy, and you've got a handmade masterpiece for everyone to enjoy. This pretty, pale-yellow butter cake is one of the most delicious and versatile recipes I've found. The accompanying moistening syrup can be endlessly varied in flavor, so customizing your cake will be easy. Although Baking a wedding cake is quite different in its size and needs from a standard party cake. So I started by closely observing what professional bakers do and what they consider at the beginning. Every bakery - from the chain grocery store to the small boutique baker - has a cake order form, and it's a great starting point to mirror. I brought Tessa Huff's book Layered to my meeting with the couple as a jumping-off point for talking flavors and to show them different finishes (none of which included fondant or intricate piping work - techniques that just aren't in my current skill set). From there we filled in the rest: the number of tiers to the shape of the cakes, and finishing with flavors and fillings. The Wedding Cake Book offers you the answers to all of these questions, along with complete baking and decorating instructions for thirty gorgeous cakes, all beautifully photographed. The wedding cake is often the centerpiece of the reception - it is a symbol of new love. It's meant to be savored long after the last bite is eaten. Whether you're planning your own wedding (Congratulations!) or making a wedding cake for a special friend or relative, The Wedding Cake Book will be invaluable to you.
