This item: Mainstreaming Black Power by Tom Adam Davies Paperback \$29.95. In Stock. Ships from and sold by Amazon.com. "This book is an outstanding contribution to an expanding body of innovative, insightful, and original scholarship on the Black Power movement. Davies builds upon an already firm foundation of histories produced in the last ten years, ultimately producing the most substantive and significant study of the impact of Black Power on the American political mainstream." Jeffrey O. G. Ogbar, author of Black Power: Radical Politics and African American Identity. "Davies's argument about the role of white public policy makers in shaping the impact of Black Power is compelling. Title: Mainstreaming Black Power Item Condition: New. Author: Tom Adam Davies ISBN 10: 0520292103. Mainstreaming Black Power upends the narrative that the Black Power movement allowed for a catharsis of black rage but achieved little institutional transformation or black uplift. Retelling the story of the 1960s and 1970s across the United States--and focusing on New York, Atlanta, and Los Angeles--this book reveals how the War on Poverty cultivated black self-determination politics and demonstrates that federal, state, and local policies during this period bolstered economic, social, and educational institutions for black control. This book emphasizes that Black Power's reach and legacies can be understood only in the context of an ideologically diverse black community. Mainstreaming Black Power upends the narrative that the Black Power movement allowed for a catharsis of black rage but achieved little institutional transformation or black uplift.
