Fantastic archaeology : the wild side of North American prehistory 1 edition. By unknown author. Go to the editions section to read or download ebooks. Fantastic archaeology : the wild side of North American prehistory. Fantastic archaeology : the wild side of North American prehistory. Are you sure you want to remove **Fantastic archaeology : the wild side of North American prehistory** from your list? There's no description for this book yet. Can you add one? "Fantastic Archeology will appeal to nonprofessionals, students of archeology, and professional archeologists. It is a major contribution to a growing literature dealing with the less disciplined side of North American archaeology . . . work that clearly has so much to offer archaeologists and the general public." Bulletin of the History of Archaeology. About the Author. Stephen Williams is Peabody Professor of American Archaeology and Ethnology, and Curator of the North American Archaeology for the Peabody Museum at Harvard University. Read more. Product details. Much of the strength of this book is derived from Williams' recognition that fantastic archaeology has been an integral part of American archaeology from its earliest days, that the border between the fantastic and the scientific is problematical, and that weird ideas often fill real social needs. Discover the world's research. The latest work of Professor PhD Habilitated Antonio Sandu, Social Construction of Reality as Communicative Action, published by the prestigious publishing house Cambridge Scholars Publishing, amazes us from the very beginning with the variety, originality and depth of the topics addressed. It is said that the strong essences are kept in small containers, and it is precisely this what this paper, [Show full abstract] once again, seems to prove. Topics. Archaeology. Publisher. Philadelphia : University of Pennsylvania Press. Collection. inlibrary; printdisabled; internetarchivebooks; china. The archaeology of the Americas is the study of the archaeology of North America (Mesoamerica included), Central America, South America and the Caribbean. This includes the study of pre-historic/Pre-Columbian and historic indigenous American peoples, as well as historical archaeology of more recent eras. The Pre-Columbian era is the term generally used to encompass all period subdivisions in the history of the Americas spanning the time from the original settlement of the Americas in the Upper

You can also purchase this book from a vendor and ship it to our address In the classification of the archaeological cultures of North America, the Archaic period in North America, taken to last from around 8000 to 1000 BC in the sequence of North American pre-Columbian cultural stages, is a period defined by the archaic stage of cultural development. The Archaic stage is characterized by subsistence economies supported through the exploitation of nuts, seeds, and shellfish. As its ending is defined by the adoption of sedentary farming, this date can vary significantly
