For the last several years, we have been trying to find positive reinforcement solutions to many of the problems that frustrate dog owners (and their dogs!), and seem to make owners become convinced that they have been cursed with a bad dog.Â What people think about TAKING CARE OF PUPPY BUSINESS. 0. Rating: 0 out of 5 stars. Veterinary Care for Your New Puppy. Tips for Surviving the Teenage Years. Adding a puppy to your family can be very exciting, but it can also be a lot of work. Many people underestimate the amount of time it takes to care for a puppy, not even factoring in things like obedience training. Before you commit to purchasing a puppy, take the time to think about what kind of commitment you are making â€” a puppy requires a commit of time as well as financial resources for a good ten to fifteen years.Â To give your puppy the best care possible, you need to understand the puppy growth cycle. Knowing what to expect as your puppy develops will help you to ensure that his needs are met. Here is an overview of the puppy growth cycle including tips for what to expect along the way This book takes you through the process of dog ownership including choosing a pet, proper ways to play with them, proper food and maintenance, training and keeping your pet healthy. Raising a dog can be challenging because they don't always do what you want them to and they can't tell you what they want in a conventional manner.Â Training a dog is a challenge, but the book makes it easier by explaining certain behaviors, like puppy whining and crying or what the animal is doing when it gets frustrated and walks away from you. It gives basic commands to teach the dog and how to make them understand. There are several helpful videos included. The book explains arning signs of illness and when to take the pet to the vet. One of the best books on the market for training your puppy.Â Let us know whatâ€™s wrong with this preview of Taking Care of Puppy Business by Gail ; Nelson, Leslie Pivar.
