Description:

From Publishers Weekly Starred Review. It is a simple truth that Jews and Christians should be close friends, since they share common roots and a basic ethical system. But the gulf between the groups seems vast. Levine, professor of New Testament studies at Vanderbilt, presents a strong and convincing case for understanding Jesus as "a Jew speaking to Jews," and for viewing Christianity as a Jewish movement that ultimately swept the world in its influence and authority. But with this expansion came an insidious anti-Jewish sentiment, fed by some New Testament texts (wrongly

understood, the author urges) and the emerging political power of the Christian church. Levine does a masterful job of describing the subtleties of anti-Semitism, across the years and across the religious spectrum, from the conservative evangelical mission to convert the Jews to the liberation theologians who picture Jews as adherents to an older, less merciful religion. In the end, Levine offers a prescription for healing and mutual understanding; a chapter titled "Quo Vadis?" outlines steps that can be taken by Jews and Christians alike to bridge the divide that has caused so much suffering over the centuries. Written for the general public, this is an outstanding addition to the literature of interfaith dialogue. *(Jan.)*

From Levine, a professor of New Testament studies at Vanderbilt, joins the ranks of Bart Ehrman, John Dominic Crossan, and others in the search for the historical Jesus. In the first several chapters, Levine treads familiar ground, discussing Jesus within the context of Judaism and examining how Christianity evolved from a Jewish sect to a gentile church. This information can be found in other, more clearly written sources, but what Levine does very well is discuss Jewish-Christian relations throughout the millennia, even as she provides a context for discussion. Though Levine clearly shows how Judaism has become a scapegoat of Christianity and offers many examples of Judaism's tenets taken out of context by church writers, she is not writing to stir up trouble. What she wants readers to understand is that lifting Jesus from Judaism is not helpful to either group and that there are plenty of ways to focus on similarities. As Levine concludes, "As different as they are, church and synagogue have . . . the same destination whether called . . . the kingdom of heaven or the messianic age." *Ilene Cooper*

The Jews on the other hand contributed their religion to the growth of Christianity. The paper concludes that God prepared the world to receive both Jesus and his church. Neither before nor after that time was the world ever in such a state. The Messianic Jews confront the whole Church for the first time since the early Christian centuries with a Jewish expression of faith in Jesus. Toward Jerusalem Council II (TJCII) is an initiative for the full reconciliation of Jewish and Gentile believers in Jesus that [Show full abstract] represents a recovery of the 'one new man' model of the Church's unity from Ephesians 2. This initiative was made possible by the growth and maturing process among the Messianic Jews and by the prophetic and worldwide character of the Charismatic movement. As such, she must dismiss or ignore much of what the New Testament says in order to maintain her own pre-conceived idea (i.e. "bias"). She says that Christians need to read the New Testament with an understanding of how a Jew would read it, and try to understand how a committed Jew would see some statements as.
