Brand New Book ***** Print on Demand *****.William Tecumseh Sherman is one of the most important and controversial generals in American history. Just about the only thing everyone would agree on is his effectiveness. While he s lauded as a Union war hero during the Civil War and a forerunner of modern warfare, the South despised him for his heavy-handed tactics, particularly the burning of Columbia and his March to the Sea. The hard-hitting Sherman was just as tough in his memoirs, and he also wrote down recollections of when he was stationed in California in the wake of the Mexican-American War. Sherman s work is invaluable not just because of who the author was but because he witnessed the California Gold Rush firsthand.
